Product Specification Sheet

Targus Matrix Small Camera Case

Part #: TPT022US

Product Description:

The Targus Metropolitan Small Camera Case is designed to fit most small to micro-sized digital cameras. The padded interior and zippered closure help to protect the camera while traveling. This case features a detachable wrist strap and belt loop that can snap onto a belt, purse or backpack. A slotted pocket on the side of the case provides storage for accessories such as batteries or flash memory, and the top zippered closure provides added safety for the camera. Small, stylish and easy to transport, this case is a great way to protect your camera and digital accessories while on the go.
